

## THOUSAND METAL WORKERS ARE OUT

### CITY OF ANGELS HAS SERIOUS STRIKE

Foundrymen Walk Out With a Demand for Daily Wage of Four Dollars

ALL FORGEMEN LIKELY TO BE OUT BY TONIGHT

Strike Extends to Shipbuilding Plant at Long Beach—75 Are Striking

LOS ANGELES, June 2.—Officials of the local Metal Workers' Council today announced that a thousand workmen had joined the strike that was declared on last Tuesday night by the council. They demand a minimum wage of \$4 a day for eight hours.

The employers have declared that only five hundred men are out, and have expressed their confidence that an early settlement of the difficulties will be made. Sixty forgers in the local foundries struck today, and union leaders say all forgers will be out before night.

Craig Shipbuilding Yard Affected  
LONG BEACH, June 2.—Despite the denial of officials of the Craig Shipbuilding Company, it is reported today that seventy-five men employed in the metal working department of the Craig yards are striking. The company claims that but forty are out.

Strike Seems Serious One  
LOS ANGELES, June 2.—Hundreds of metal workers left their employment yesterday in the foundries and machine shops of the city, following the refusal of the employers to discuss questions of wages and hours with representatives of the unions. The number of men who quit work is declared by the men themselves to be about 1500, while the employers assert that but 501 men left their jobs. Machinists, moulders, pattern-makers, blacksmiths, boiler-makers, brass workers and sheet metal workers are the crafts concerned, and in addition to these a number of apprentices, helpers and handy men left with the skilled laborers.

The walkout extended to Long Beach, where sixty employees of the Craig Shipbuilding plant quit work, and to Pasadena, where about forty men walked out, including all the twenty employees of the Reliance Iron Works.

PORTLAND MAY HAVE FOLLOW-UP STRIKE  
PORTLAND, Ore., June 2.—Following the strike of the Los Angeles metal workers yesterday, Portland is now threatened with a strike of three hundred mechanics of the same crafts.

The Machinists' Union demands an eight-hour day with an increase of ten cents on the minimum wage. The demand has been submitted to the employers. Unless complied with, a strike is likely to occur tomorrow. Four hundred transfer teamsters are still striking, with little prospect of conditions being relieved.

### PEARY TELLS POLE STORY TO THE KING

King George Hopes Anglo Saxons Will Discover Both Ends of Earth

LONDON, Eng., June 2.—Lieutenant Peary today told King George the story of his discovery of the North Pole. When the king received the explorer he immediately requested the entire story.

King George declared that he hoped the British captain, Scott, now in the Antarctic regions, would find the South Pole.

"I want to see the Anglo Saxon race get the credit for the discovery of both ends of the earth," he said.

### CITY GROWING MANY NEW DWELLINGS ARE GOING UP IN SANTA ANA

The month of May was a big building month. Twenty-five building permits were issued, aggregating a valuation of \$44,406. Most of these permits were for new homes.

New dwellings are going up in all parts of the city. Builders say that many others have been planned.

Let a person take a ride in any section of the city and he will hear the sounds of hammer and saw. Santa Ana is going ahead.

In the last few days five permits have been issued by Deputy Building

Inspector Stone. These permits are: To O. L. Bergen on West Santa Clara avenue, \$1500 frame dwelling. To S. Trumpey, Ramsey & Mitchell contractors, \$1700 frame dwelling at 1614 Bush.

To W. D. Moore, dwelling at 1401 West Second, \$1500.

To W. R. Skyles, L. B. Skyles contractor, \$1200 cottage at 901 Cypress.

To E. L. Morrison, C. M. Jordan contractor, one and a half story frame residence at 620 East Seventeenth, \$2700.

### REWARD FOR GIRLS SLAYER WILL GROW

City Asked to Give \$1000 to Alma Kellner Fund—No Trace of Wendling

LOUISVILLE, June 1.—Mayor Head will ask the city council to add \$1000 to the reward of \$2000 already offered for the arrest of the murderer of Alma Kellner, the eight-year-old girl whose body was found in the school house basement of St. John's church. It is believed Governor Willson will further increase the fund.

Search for Joseph Wendling, the missing janitor of St. John's school, where the girl's body was found, is so far unavailing.

### GREWSOME RELICS SENT TO CHEMIST

LOUISVILLE, June 2.—Portions of Alma Kellner's body, which was found in the basement of St. John's parochial school, has been sent with the child's clothing to a chemist. The clothing of Janitor Joseph Wendling, which appears to be bloodstained, was also sent.

When the chemist's report is ready, a coroner's inquest will be held. Meanwhile the authorities are trying to locate Wendling. Efforts are being made to collect \$5000 from various sources to defray the expense of a nation-wide search for the murderer.

### NOME BOAT SAILS—500 ON BOARD FOR IDITAROD'S GOLD

SEATTLE, June 2.—The second Nome boat of the year sails tonight. Five hundred Iditarod stampedeers have engaged passage. The docks are crowded with gold seekers begging accommodations. Additional reports of rich strikes in the Iditarod district are being received. The excitement here resembles that of the Klondike rush.

### CLEVELAND TO SEND BANKERS GALORE

LOS ANGELES, June 2.—Cleveland, Ohio, is planning to send a special train of fourteen cars to Los Angeles in October, to convey 150 bankers and their families to this city on the occasion of the annual convention of the National Bankers' Association.

Secretary Wiggins, of the Chamber of Commerce, has been notified that the Clevelanders will come prepared to be theatrically and otherwise entertained.

### PUDDINGSTONE RANCH IS SOLD FOR \$65,000

SAN DIMAS, June 2.—One of the most important deals made in the San Gabriel Valley in a good many years was closed yesterday when Charles H. Cannon of San Dimas, transferred to Howard Huntington the Puddingstone ranch. This consists of 677 acres, and is part of the Rancho San Jose. The consideration is not stated, but according to those in position to know, it was about \$65,000. The ranch lies immediately south of San Dimas, in the San Jose Hills. The ranch has several times been exploited as containing eligible reservoir sites of large capacities.

### BRITISH AFTER OIL LAND

LOS ANGELES, June 2.—English capital, it is understood, is being strongly attracted toward investments in California oil fields. Representatives of English syndicates are in the field looking up properties that they can recommend for purchase, seeking the owners and making tenders of options. It is said that several options have been given.

### TAFT LEAVES HOME ON FOUR DAYS TRIP

Speaks at Bryn Mawr on College Education and Loveless Marriages

WASHINGTON, June 2.—President Taft started today on a four day trip. He speaks at Bryn Mawr, Pa., Ada, Ohio, Jackson, Mich., and Detroit. He will deliver the commencement address tonight at Bryn Mawr College, where his daughter, Helen, is a student.

The President's train was delayed half an hour at Gwyn's Run, near Baltimore, by a disabled engine. He will deliver the commencement address tomorrow at the Ohio Union University at Ada, and tomorrow night he will be the guest of honor at a banquet given by the Detroit Chamber of Commerce. Saturday he will unveil the statue of General Custer at Monroe, Mich., and deliver an address at Jackson on Saturday night.

### VIEWS ON MARRIAGE AND COLLEGE EDUCATION

PHILADELPHIA, June 2.—"Loveless marriages are almost criminal," said President Taft today, addressing the graduates of Bryn Mawr College, where his daughter is a student. The President dissented from the view that college education unfits men and women for a business career.

"Neither do I believe that education robs woman of her charm," he continued. "I am willing to concede that marriage and motherhood are woman's normal status, and, other things being equal, she is happier in that condition. But if woman is forced to marry without love to escape poverty, then home and family are not likely to be ideal or to furnish ideals."

### DEAD MAN'S NAME FIGURES IN TRIAL

Sugar King Havemeyer Is Accused of Ordering Falsifications

NEW YORK, June 2.—Ernest W. Gerbrach, ex-supervisor of the Williamsburg refinery of the American Sugar Refining Company, was cross examined today by Assistant Attorney General Stimson in the trial of sugar trust officials charged with defrauding the government of customs duties. He said Henry O. Havemeyer, deceased, ordered him to falsify in the polariscope sugar tests, permitting the company to purchase sugar cheaply from the growers.

"We took polariscope tests at the refinery," he said, "another at the Wall Street offices. We made the refinery tests as low as possible. Sometimes the Wall Street tests were still lower. In later cases we were forced to make still lower figures for the refinery tests. Merchants selling us sugar were paid on the basis of the lowest tests."

### MANY BUILDINGS FOR LONG BEACH THIS YEAR

LONG BEACH, June 1.—The building permits for the first five months of this year number 444, of the contract value of \$400,142. During the first five months of last year 200 permits were issued amounting to \$197,651. The increase is 101 per cent.

### Rolls Flies Over English Channel Twice in one Day

DOVER, June 2.—Charles Stewart Rolls, the English aviator, established a world's aeroplane record today, when, after flying across the English channel to France, he made a successful return flight after a short rest.

The flight was spectacular, as the atmosphere was so clear that spectators on the Dover side could witness the descent on French soil. He was accorded an ovation when he alighted in England after his return.

Rolls started from the English shore near Dover at 6:30 o'clock.

### DUPED MENNONITES SEEK ESCONDIDO HOMES

ESCONDIDO, June 2.—Of the seventy-five families of the religious sect known as Mennonites who claim to have been the victims of a land swindle at Bakersfield, some will locate in Escondido, which valley is said to have the largest Mennonite settlement in California. The Mennonites reaching here from Bakersfield have stories seriously reflecting upon the integrity of the land agent who persuaded them to part with their property back in Kansas in exchange for Bakersfield holdings. Several of the recent sales of ranch property in Escondido have been to members of the cult coming here from Bakersfield, the list including the sale yesterday of the Mrs. M. F. McCue place on Hill street, to P. J. Buller, for \$9000.

### NO RIGHT YET SHOWN FOR WALDEN \$80,000 ESTATE

LOS ANGELES, June 2.—Alleged heirs to the estate of Matilda Walden, who died intestate leaving a fortune of \$80,000, the right to which no one as yet has been able to give sufficient proof, petitioned the probate court yesterday to be heard. When the matter came up, however, there were so many new claimants that the court had to delay the case another week. There were eleven new claimants.

### MADRIZ RUNS FROM DEFEAT

Retreat Turns Into Rout—Trail Marked With Dead and Wounded Men

BLUEFIELDS, June 2.—(Wireless to Colon)—Couriers reaching Bluefields from the south say the retreat of Madriz's troops has turned into a rout. The line of retreat is marked by a trail of dead and wounded. General Lara is endeavoring to reach Monkey Point or Greytown, where the gunboat "Venus" is expected to take the fugitives aboard.

Another report says the insurgents under Gen. Mena defeated the government troops under Cheverras at Rama. Gen. Estrada is planning to follow up these victories by cutting off Gen. Lara's retreat. Further fighting is expected near Rama.

### LARA LEADS DEFEATED TROOPS TO THE SOUTH

BLUEFIELDS, June 2.—Beaten in every attack he directed against the enemy's citadel, his forces decimated by disease and bullets, General Lara, the Honduran general, last night led the remains of the Madriz government army south to its base of supplies at Rama.

The retreat, which amounts to a flight, began yesterday forenoon after Lara had sent his discouraged army at the Estrada trenches in front of Bluefields in a last desperate effort to recoup defeats of the last two weeks.

There was only one charge. Lara's forces, almost en masse, rushed Estrada's earthworks. They were allowed to come almost within a stone's throw of the trenches when the American gunners turned loose their terrible rapid fire guns on the charging soldiers. They fled before the fire, but rallied and made another charge which was successfully repulsed.

### LUMBER MILL BURNS WITH LOSS OF \$200,000

NORTH BEND, Wash., June 2.—It is estimated today that three million feet of lumber were destroyed in a fire destroying the South Fork lumber mill two miles east of here yesterday. The damage reaches \$200,000.

### SAN DIEGO SUICIDE WAS ONCE A LONG BEACH CITIZEN

LONG BEACH, June 2.—Burr Westlake, who killed himself at San Diego Saturday night, for love of Miss Schaez, formerly lived in Long Beach and his parents are residents of this city, residing on Elm avenue. A few years ago young Westlake and his mother operated a bakery on Pine avenue.

## COMMITTEE IS TO PLAN BETTER HOTEL

Citizens Seem Anxious to Do Their Share When Data Is Gathered

DISCUSSION TOOK PLACE LAST NIGHT

Owner of Rossmore Willing to Give Lease, Interest Only Asked

About fifty business men sat down to dinner in the Rossmore dining room last evening to discuss ways and means of transforming the hotel into a modern establishment. The meeting ended with the decision to have V. E. Blodgett, president of the Merchants & Manufacturers Association, appoint a committee of five to gather data, make estimates, and devise the most feasible plan for securing the kind of hotel the city needs. A report of the findings of this committee is to be made at a meeting to be called by the committee.

Throughout the discussion there was evident a sincere desire on the part of the citizens present to do their share in bettering hotel conditions here. Just how the plan will work out remains to be seen, but the movement to give the city a first class hotel seems destined to work out to a definite, satisfactory conclusion.

Following the banquet, Mr. Blodgett introduced Mr. Forsyth, ye landlord at the Rossmore.

Mr. Forsyth said he had endeavored to run the hotel in a way to please the transient trade, but he found that with the building as it is he cannot cater to the trade as he should. Mr. Van Nuys, owner of the building, had a proposition to make, depending upon the support of the citizens. Santa Ana needs one best hotel.

Mr. Nichols, representing the owner, said Van Nuys is willing to spend any amount needed to bring the hotel to first class condition, provided he can get a six per cent rate of interest for his investment. He would tear the building down if necessary and put up another, and give the citizen company a lease for as long as it wanted it at six per cent. He would take to Van Nuys and proposition made.

H. J. Forgy said the question as to whether or not the city is to have a good hotel is up to the business men. "Let us find out what it will cost to remodel and refurnish this building."

## STRONGLY OBJECT TO HAVING THE COUNTY HOSPITAL THERE

A remonstrance bearing ninety names was filed with the Board of Supervisors this morning, and was read this afternoon. The remonstrance is to the establishment of the county hospital, poor farm and detention home at Buaro Station. The remonstrance is:

"To the Supervisors:—We, the undersigned residents and owners of real estate in the vicinity of Buaro station, known as the old Dr. Head place, the proposed site for a poor farm, detention home and hospital, beg leave to make protest against the same. Believing our property interests would suffer a great loss, that the health and morals of the community would be endangered.

"We beg the honorable board to consider the years we have spent in building our homes, in a section uncorrupted by any objectionable influence, and select a site farther removed from the center of a populous settlement, and your petitioners will ever pray."

Eight Garden Grove men signed as being "in sympathy with the people of Buaro station."

John Davis, Mr. Bowen and Mrs. A. L. Davis spoke in behalf of the objectors. Davis said the value of nearby property would be lessened if a hospital chucked down beside his home. Bowen said his home would be ruined, that he worked for a Chicago doctor twelve years and he was at

### Gillett Says Big Fight 'Frame-up' For Jim Jeffries

CHICAGO, June 2.—Governor Gillett of California, today declared that the Jeffries-Johnson fight is a "frame-up" for Jeffries to win.

"All fights are fakes," he said. "I don't want anything to do with them or with anyone connected with them. The Jeffries-Johnson fight simply is a scheme to make money out of the public's credulity. Anyone with the least bit of sense knows that the whites are not going to permit Johnson or any other negro to win the world's championship. Johnson knows that, so he has agreed to lie down for money."

### CHURCH FEDERATION GETS BUSY WITH PLANS

SAN FRANCISCO, June 2.—The San Francisco Church Federation will meet today to decide on a course of action relative to the Jeffries-Johnson prize fight, following the granting of a permit by the supervisors. Plans to stop the fight will probably be formed today. Governor Gillett's view of the fight, expressed in Chicago, will be discussed.

### INDIANAPOLIS IS DEEP UNDER WATER

Sank Seventy Fathoms off Corrigidor Ball—All Aboard Were Saved

MANILA, June 2.—The army transport Indianapolis has foundered in twenty fathoms of water off Corrigidor Island, eighteen miles from Manila. The vessel filled rapidly, but excellent discipline and quick work with the life boats saved all aboard. The ship is believed to have struck a submerged log and sprung her bow plates.

### MRS. DOXEY TELLS OF DRUG SLAVERY

Says Husband Doped Her All the Time—Women Fight to Enter Court Room

ST. LOUIS, June 2.—Women fought, pulled hair and mobbed the police in an attempt to gain entrance to the room where Mrs. Dora Doxey is being tried for the murder of William J. Erder. Officers were compelled to use force to clear the building.

On the stand Mrs. Doxey told a pitiful story of her slavery to morphine. She said her husband gave her the drug constantly despite the appeals of her father. She stated that while under the influence of the drug she met Erder and went to live with him. She denied vehemently that she ever entered into a conspiracy to murder Erder for his life insurance.

## GLOOMINESS EXISTS IN RAILROAD CIRCLES

Wall Street is Expecting Government to Win Its Injunction Suit

ROADS FILE INCREASE OF RATES FOR JULY FIRST

Attorneys of Enjoined Roads Meeting in Conference to Form Plans

ST. LOUIS, June 2.—A conference of the attorneys of the twenty-five railroads against which a temporary injunction prohibiting a rate increase was granted on Tuesday, at Hannibal, Mo., is scheduled to be held in Chicago today. It is believed the roads will endeavor to have the temporary injunction granted by Judge Dyer, dissolved in order to bring the case immediately to trial.

The attorneys say the report that they intend to make capital of the eleventh-hour filing of the government's suit is untrue. They claim to have another line of defense. United States marshals are today serving the injunction on various roads, and the court's order is being obeyed.

### HIGHER RATES FOR JULY 1 FILED WITH COMMISSION

NEW YORK, June 2.—The danger is apparent today of further railroad complications. Twenty-two roads, comprising the Central Freight Association, operating between Louisville, Cincinnati and Chicago, today filed tariffs with the Interstate Commerce Commission increasing their rates from six to twenty-one per cent, to be effective July 1. Increased commodity rates were also filed by the New York Central, the West Shore and the Lackawanna roads.

It is considered possible that government action may follow these filings. If the rate question is the cause of further litigation, it is believed that as a stock market factor, will have a deterrent effect on financial conditions. Several stock exchange houses are reported in trouble today. Wall street believes the government will win the suit at Hannibal. The roads concerned say that the suit will be under heavy pressure. The financial outlook is generally regarded as gloomy.

WASHINGTON, June 2.—The complete proceedings instituted by Mr. Wickham are.

A bill in equity for the dissolution of the Western Traffic Association under the Sherman anti-trust law.

A petition for a temporary injunction to be made permanent, if possible, against the raise of rates prepared by the railroads directed by the Western Traffic Association or committee.

The Attorney General says that should the injunction be not made permanent, the suit in equity for the dissolution of the association will proceed just as did the suit for the dissolution of the Northern Pacific merger or any other combination in restraint of trade which has been attacked by the government.

### CONGRATULATIONS FOR POPE PIUS X

Seventy-fifth Anniversary of Pontiff Celebrated With Much Enthusiasm

ROME, June 2.—"The affection of my people and those of opposite faiths are very dear to me" was the message to the world of Pope Pius X today, the seventy-fifth anniversary of his birth.

The anniversary was celebrated here with unusual enthusiasm by diplomats and clericals. The Vatican received congratulatory messages from all parts of the world.

Mexican at Anaheim Seized  
Woman As She Was Walk-  
ing Along the Street

Anaheim Gazette: A Mexican from Wintersburg blew into town on Saturday afternoon and proceeded to paint things red. At half past 8 in the evening he met a lady on the sidewalk in the business center of town and proceeded to enact the role of Jack the Huggler. Many persons witnessed the proceedings, but the Mexican made off at the woman's outcry. She informed her husband, and Marshal Simpson was notified. He went the rounds of the saloons, and in front of Stark's Exchange found the fellow, who was identified by the lady, and placed under arrest. On being searched at the jail a 44 revolver was found on his person.

Four Mexicans followed the culprit to the jail, saying they were his friends. As a precautionary measure, Simpson ranged them in line and searched them for weapons, but found none. They were told to depart for their homes, which they did.

On Monday morning Judge Howard fined the Mexican, who was arrested on a John Doe warrant, \$10, and he was allowed to depart.

Among the many prominent entries in the Atlanta-New York good roads reliability contest June 6-14 is the Reo Challenger "4-30" which is to be driven by R. M. Owen and is to act as scout for this classic run. This is the Reo that finished with a perfect road and mechanical score in the strenuous 1100-mile New York-Atlanta reliability contest last November and challenged all winners to a rigid physical examination. Since then it has been in daily use covering over 10,000 miles over all sorts of roads in all kinds of weather. At present it is competing for first honors in the 600-mile rugged All-Connecticut reliability contest against a big field of higher priced competitors. It is but natural that motordom is exhibiting keen interest in the outcome of the "Challenger's" latest sensational feat.

## TO COMPLETE DEAL QUICKLY

Anaheim Investors Have But  
Few Thousand Dollars  
More to Raise

Anaheim Gazette: The meeting at the council room in the city hall on Tuesday evening, called at the suggestion of Mr. Hadsall, promoter of the Anaheim sugar factory, was not overwhelmingly attended, but the matter discussed was of vast interest to the people of Anaheim, whether they were present or not.

Mr. Hadsall stated that when his company first conceived the idea of establishing a factory here they demanded assistance to the amount of \$150,000 in local subscriptions. This demand was not arbitrary, however, and after canvassing the territory for two or three weeks Mr. Hadsall notified his company that the interest and conditions here were such that \$50,000 worth of subscriptions would give it sufficient local backing to insure financial success for the factory. Mr. Warner, president and chief capitalist of the company, answered that they would build the plant in accordance with his recommendation. They did not need Anaheim money, but they wanted the good will and moral support of the community.

"We have now \$32,000 of this money subscribed and guaranteed," said Mr. Hadsall, "and more is in sight. If the work of the past few days is continued we will file articles of incorporation Saturday, and ground will be broken for the factory by the first of July. I feel practically certain that we will secure the balance of the subscription within the next two or three days. There is no question now that the required amount will be eventually raised, but I want to file the incorporation papers on Saturday, therefore I hope that every committeeman who knows of a man who wants to subscribe will get his subscription before that date."

## OATS TALLER THAN A HORSE'S BACK

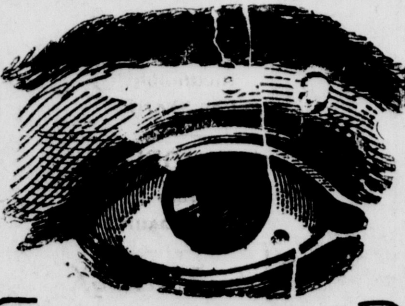

Pasadena Preacher Uses Dry  
Farming Method With Won-  
derful Result

PASADENA, June 2.—To outgrow a horse in height is an unusual achievement for plain oats. Some brawny men have grown among the highland passes on the oat diet, and some of them have been masters of horse, but it remained for Rev. Marshall Hayes of Lamanda Park, to produce by a dry farming method the particular brand of oats that overtop a broad-backed farm horse without straining a stalk.

The most peculiar thing about it is that seven acres of oats growing to a mean height of six feet are located in a patch of oats growing to a mean height of one and a half feet. Mr. Hayes declares it is owing to a dry farming method he uses in growing a variety of melons and other similar products. The seven acres of oats were grown on a piece of land that last year produced enormous melons.

Mr. Hayes turns his soil over many more times than the ordinary farmer on that portion of his Lamanda Park ranch devoted to dry farming. By this continuous turning the farmed acres become pulverized and contain very little moisture. In some unaccountable way nature favors lands thus treated, and on them grow such excellent melons and such abnormal products of all varieties that dry farming is rapidly being adopted in preference to irrigation methods.

Last year Mr. Hayes grew Casaba melons and a brand called the Hayes melon, after his own method. The

### WHERE STANTON STANDS

Recently Phil A. Stanton, candidate for the nomination for governor, submitted to an interview regarding his prospects as they appeared to him at that time. In that interview he was quoted as saying that on the following Sunday he would be in San Francisco, when he could tell better how he might "stand."

No doubt many have watched Mr. Stanton's progress with curiosity, taking particular interest in what might happen when he arrived at San Francisco, the mecca of all aspirants for state office under the convention system.

Since he gained the northern port, the public has been listening for the word that is supposed to make it clear to Mr. Stanton just where he "stands." No direct expression has, however, reached the public so far, and it can only make surmises on the subject. These surmises must be gathered from the scanty details that are given out for publication, and in the absence of positive information on the all-important questions as to how the candidate "stands" in San Francisco, we must draw our conclusions based on the meager pointers at hand.

As indicating that Stanton's reception by those who were to pass on his standing as a candidate had in it some elements of encouragement, it is announced that he will continue his canvass, touring in Alameda and Contra Costa counties. It is, however, significant that after two days he is to return to San Francisco, possibly for further information as to his standing at that time. In this connection the program includes a luncheon at which, it is expected, "a hundred or so of the prominent leaders of the Republican party" will sit down with him and probably discuss the question as to how he "stands." Now when a hundred or so of the prominent leaders of the Republican party of San Francisco meet, it certainly signifies something of importance, and if they do so meet and break bread with "our Phil," it surely signifies that he "stands" well with those who have heretofore held the destinies of the Republican party in their hands. It might be suggested, however, that "destiny holding" is a job for the people, since the adoption of the district primary.

Be that as it may, the Register notices one little circumstance that may well cause alarm among Mr. Stanton's admirers in this part of the state. It concerns the names of those who are mentioned as having called upon him in what dispatches designate as "his newly-established headquarters in the Palace hotel," where, it is stated, he "entertained many friends and acquaintances." It is singular, however, that but three names are given, and two of these are Los Angeles. Of all the northerners who called upon him but one name is mentioned, that of Assemblyman Feely of Oakland, who, it is said, "brought a number of his friends across the bay to see Mr. Stanton." It would appear therefore that Assemblyman Feely is an enthusiastic friend of Stanton's with whom he "stands" A-1. This being the case, it becomes of importance to know who this Assemblyman Feely is and with whom he trains politically. Fortunately Franklin Hichborn, in his "Story of the California Legislature of 1909," throws some light on the subject. In the appendix of his book he gives a series of tables, among which is "Table C—Records of Assemblymen on Eleven Test Votes. Forty Members Making Poorest Records." In this table appears the name of Feely way down toward the bottom of the list. Of the eleven votes recorded there he has but one to his credit in the way of "Progress and Reform." On one vote he was "absent," and the other nine are classed by Hichborn as "against Progress and Reform." Among these may be found a vote against a state-wide primary on United States senator, against the party circle bill and the judicial column bill. Mr. Feely can therefore be classed among what was known in that session as the "Performers" as distinguished from the "Reformers." So his coming across the bay with many of his friends to meet Mr. Stanton has much significance as showing how the candidate

## HOW THE "MACHINE" CONTROLS 'FRISCO

BY FRANKLIN HICHBORN.

SAN FRANCISCO, June 1.—San Francisco is showing exceptional sluggishness about registering for the primaries. Up to last Saturday only 27,314 had registered. At the time of the municipal primaries last year the registration rolls showed 84,420. It will be seen that on the basis of last year's registration, less than one-third have registered. To be sure, it will be two months before registration for the primaries closes, but even so, the politicians are growing excited over the lack of interest displayed. There is very good reason for the belief that the machine in its frantic endeavor to regain control of the city last year, stuffed the Great Register as it had never been stuffed before.

For example: The census reports for the second precinct of the Twenty-ninth Assembly District have recently been completed. The census reports show 420 persons resident of the district. On the basis of one voter to five persons, this would mean 84 votes for the precinct. But from this precinct last year no less than 488 voters were registered, or 68 more votes than the census enumerators found men, women and children. At the November election, however, only 260 voted. Thus more than half the number of residents of the district actually voted. Of these 175 voted for P. H. McCarthy; 37 for Crocker, the Republican candidate for mayor, and 48 for Leland, the Democratic candidate.

And yet, there are those who marvel that the "machine" manages to win in San Francisco.

The sordidness of San Francisco "stands" in that section with the politicians of the class to which Mr. Feely belongs. It shows that he stands so well that it would not be surprising to learn that he has been adopted by San Francisco as its standard bearer, which will go a long way to offset his lack of support at home.

### THE ILLINOIS CASE

The Illinois legislature bribery cases have now become the sensation of the hour. They hold the record so far, and more is promised. Of course the root of the trouble is in Chicago, where they never do anything in a small way.

At this writing the spectacle is exceedingly spectacular. Senator Lorimer is seen and heard in the United States senate in the most specific and vehement way denouncing the charges against him as only an effort to ruin him financially, and offering a resolution for an investigation by the senate.

On the other hand, and as if in answer to this speech, the authorities in Illinois give forth other verified facts that would seem to leave no trace of doubt concerning the case they have against the senator. If he is innocent of the crime, there are certainly a lot of reckless liars in Illinois who are anxious to swear themselves into the penitentiary.

All things considered the case is the most remarkable that has yet arisen even in that remarkable section. One good that will doubtless come from it will be to emphasize the necessity of electing United States senators by popular vote.

politics was brought out at the trial of former Police Commissioner Harry P. Flannery. But there was much that was not brought out; notably, the cause of Flannery's exposure. It is interesting to note that although Flannery was "vindicated" at his trial, he nevertheless stands exposed. The former Police Commissioner's "place of business" has been shown to be the rendezvous of bunco-men, confidence operators and crooks. The cause of the exposure is that San Francisco has, under our Paris-of-America administration, too much tenderloin even for the tenderloin.

The opening of the so-called up-town red-light district by the McCarty police commission, cut into the business of the old district seriously. That branch of the machine that farms the old district found its income seriously affected. So the beneficiaries of the old district told of a few things they knew. The trapping of Joe Abbott, bunco man and associate of the then Police Commissioner Flannery, followed. Abbott's confession, implicating Flannery, and Flannery's indictment and trial, with accompanying sensational revelations, resulted.

It was not "professional" for Mr. Abbott to confess. That he did confess shows the anxiety which their partnership with the lower-downs must cause the leaders of the higher-ups of the machine. The Flannery incident demonstrates clearly enough that the machine is a bubble that wants only the people's pin-prick to burst. The people will have opportunity to pin-prick it at the coming primaries.

### COMMITTEE IS TO PLAN BETTER HOTEL

(Continued from Page One)

One way to handle the matter is to form a stock company. I believe it would be a good investment."

Dr. G. H. Dobson said that Santa Ana has all the attractions of a tourist town, drives, mountains, coast. This city has never bid for the tourist trade. The hotel cannot be run on home patronage. The first thing to be decided is what kind of a hotel will pay.

Forsyth said there is ample transient patronage if it could be corralled. Many auto parties go through because there are no accommodations here to suit them.

H. C. Head said he thought there is enough patronage passing through the town to keep up a good hotel. He would like to see one established. L. L. Shaw stated that nearly everyone knows of someone who has left Santa Ana or who did not stop here because there was no first class hotel here. The best investors do not stay long enough to see what is here. Santa Ana capital has done much elsewhere, why not turn some of it into this hotel?

O. H. Coulter instanced his home town in Kansas, where \$15,000 was donated to a hotel that commercial men might stay in the town. Van Nuy's proposition ought not be turned down.

Clyde Bishop declared there is but one way to make it a go, and that was to make it plain that it is a safe investment. The restaurants now here are the best their patronage allows. "Show me how this hotel matter can be carried through, and you can call on me for my mite," said he.

J. A. Turner—"This county is the Egypt of Southern California. It is a shame we have no hotel. Mr. Forsyth has done the very best he could, but conditions were against him."

H. J. Forgy moved that a committee be appointed to work out a plan. The motion was seconded, and later amended.

C. W. Sheets asked Forsyth if what he wanted was merely a loan from the citizens. Forsyth replied that a cooperative plan had been suggested. What is needed is a condition that interests many in the hotel so that they get behind it and boost.

J. P. Baumgartner said that if all the sources of patronage could be combined, he believed the hotel would pay and could be run right. The committee should be larger. It should gather data from expert hotel men. He had heard a Sunset Magazine community advertising man say that no factor is so important in a city's advancement as a first class hotel.

G. A. Edgar stated that Forsyth was the best caterer the city ever had. Too few brought their friends there when the dinner served was first class. "I have eaten more meals here than all the rest of you put together. I did it because I wanted to help Forsyth."

"We want this whole corner thrown into a lobby. For \$10,000 we can fit this place up to meet our needs for five or six years, and besides hot and cold water—I understand the hotel is not modern in that respect—give him buttermilk."

"Forsyth is willing to pay the extra rent to cover the investment in remodeling the building. We should furnish the hotel."

C. W. Burns stated that he was satisfied that the present management of the hotel had done all that could be done to keep it up.

H. McPhie said that Forsyth should be one of the committee and that the committee should make its report to a meeting to be called by it. This suggestion was adopted.

### REDLANDS GOES DRY—GREAT RUSH FOR BEER

REDLANDS, June 2.—The new liquor ordinance went into effect yesterday and there was not a bottle of beer in any of the drug stores. Tuesday night there was a rush to lay in a stock with the result that druggists were unable to supply the demand. They claim they will live up to the law, stop sales of beer and sell only on physicians' prescription. The stores are to be open to inspection at any time to officers or anyone with a permit from the chief of police or mayor. LOS ANGELES, June 1.—A sweeping and state-wide reform in the penitentiary system of California, abolishing San Quentin as a penal institution and turning it into a reformatory, with an alteration in the various grades of punishment for felonies and the creation of a Board of Pardon is proposed by Judge Frank R. Willis of the Los Angeles Superior bench in a bill which he will present at the next session of the legislature.

The bill provides that male persons between the ages of sixteen and thirty years, convicted for the first time of felony, other than murder and treason, shall be confined in "The Reformatory," as he styles it. For the higher grades of crime the convicted man may be sent either to Folsom or The Reformatory, at the discretion of the court.

**Fraternal Brotherhood Picnic**  
Fraternal Brotherhood lodges will unite in a picnic to be held at Balboa on June 15. An address by Supreme President Fosby, and a program, will be given in the afternoon, and dancing in the pavilion will occupy the evening. Special cars will be run.

**Missionary Meeting**  
The Women's Missionary Society of the United Presbyterian church held a regular meeting yesterday afternoon at the home of Mrs. Albert Finley, 630 East Fifth street. Mrs. Will Lindsey and Mrs. J. P. Thompson assisted in entertaining.

Mrs. Reed led the devotions. Mrs. Henderson spoke on the new work of the support of a missionary by the Presbytery and what was expected of this society, and presented the envelope system, which was accepted by the society.

Mrs. Tidball, who recently attended an executive meeting of the Presbytery at Los Angeles, gave a report of what each society can do towards supporting a missionary. Mrs. Craven, from Pittsburg, Pa., who is in Santa Ana visiting her daughter, Mrs. Phelps, on C street, and who had just recently attended the Women's General Missionary meeting at St. Louis, was present and gave a

most interesting account of some of the addresses at that meeting. Mrs. Craven is a very interesting speaker. Miss Sarah Finley read a letter from Mrs. Magill, formerly Miss Flora Kerr of Santa Ana, and now a missionary in Egypt. Mrs. Magill related how they entertained Colonel Roosevelt and family at the girls' boarding school.

**Birthday Party**  
A surprise party was given Tuesday evening at the Stauts home, 1008 East Pine street, in honor of the fifteenth birthday of Miss Katie Stauts. A collation was served during the evening, the table decorations being of sweet peas, red and lavender blossoms being used. A pretty birthday cake, resting on a red stand, was circled with fifteen candles. Chocolate was served with the cake while the candles burned.

Games of various sorts were played and a jolly good time was had. The guests of the evening were Mildred Curtis, Ruth Lucas, Josephine Stauts, Stella Walton, Hazel Rees, Alice Huntington, Mary Eva Hodge, Olive Shaw, Alice Inman, Helen Richards, Lela Heil, Alice Hinz, Ernest Williams, George Simpson, Thomas Stauts, Earl Salter, LaRue Stambaugh, Leroy Fuller, Kenneth Brown, Elmer Inman.

**Had a Birthday**  
Master Jack Remsburg reached the mature age of eight years yesterday and after school hours he was host to his teacher, Miss Snure, Misses Masters and Collings, and a dozen of the neighborhood children. The youngsters played and played and still played only when they were eating all they could consume of a beautiful Dragon made birthday cake on which there were inscribed Master Jack's name and which was surrounded by eight blazing candles. The little ones were tired but happy when they said good-bye to their young host.

**"Boost For Beswick"**  
Prof. B. F. Beswick, who is making a magnificent run for one of the capital prizes in the big Herald contest, stands second this morning in the list of grand prize winners in districts C and D, which comprise part of Los Angeles county, San Bernardino and Orange counties.

What's the matter with everybody in Santa Ana turning some good

ing efforts for B. F. Beswick? The contest does not close until June 30 and in that time some telling work might be done for the Santa Ana man who is popular, well known and worthy of winning the best there is. "Boost for Beswick" might well be the slogan for his many friends.

**For Bride-to-be**  
Mrs. Ayres Hall was hostess yesterday at a dainty one o'clock luncheon and spice shower given at her home in honor of Miss Hattie Hoxie who is to be married this month to J. C. Densly of Long Beach.

The luncheon table was adorned with a basket of pink sweet peas, a big pink bow ornamenting the handle of the flower basket. From the chandelier above was suspended a wedding bell of pink sweet peas and asparagus ferns. From the clapper of sweet peas were pink ribbons extending to the pretty place cards. The luncheon was served in four courses. Covers were laid for the hostess and the guest of honor, Miss Hoxie, Mesdames E. K. Gearhart, Robert Du Bois, Ernest Wakeham, William Dwyer, Frank Young, E. R. Majors, Misses Clara and Anna Witt, Bess Trumpey, Clara Galbraith.

The bride-to-be was presented with a dainty package of spices from each guest, and an autograph recipe book to which each one present had contributed two recipes formed a fitting adjunct to the collection of spices. The afternoon passed delightfully. Miss Hoxie has only recently returned to Santa Ana after a several months stay in Whittier where she was bookkeeper for the National Electrical Works.

**All Day Meeting**  
The monthly all-day meeting of the women's societies of the First Methodist church took place at the church yesterday, with the usual excellent dinner served at noon. There was a large attendance at the dinner.

Mrs. H. E. Murkett was in charge of the afternoon program at the Home Missionary meeting, at which the study of "The Freedman" was concluded. Arrangements were made at the afternoon meeting for attending the Home Missionary rally to be held next week in the First Methodist church at Orange.

Mrs. A. J. Visel invited the ladies of the church to hold their all-day meeting next month at the Visel cottage at Balboa. The date of the meeting is July 6, and the ladies are requested to take lunches with them. Hot chocolate will be served.

**Carnival Queen to Marry**  
A marriage license was secured here yesterday preparatory to the wedding of Dr. W. Harold Wickett of Anaheim and Miss Ethel P. Chapman of Fullerton.

Miss Chapman will be remembered as the first queen of the Orange County Carnival. Her reign was in 1908, when the elegance of her coronation and other robes of state, combined with her dignity and graciousness of manner, lent added prestige to the royal position.

**Woman's League Meeting**  
Dr. Balfie's talk to the Santa Ana Chapter of the American Woman's League last night was one of the brightest bits of enthusiastic oratory Santa Ana people have heard in some time.

She said that although hardly a year old, the League is already the richest and most powerful organization of women in America. Among the things accomplished are a thousand chapter houses built or planned and contracted for, one hundred and eighty popular magazines working for the League; one of the finest art buildings in America already completed at University City; a great correspondence school, whose instructors receive \$100,000 a year in salaries, and whose students number over fifteen thousand.

Dr. Balfie advises all who contemplate joining the League to do so at once, while the founder's chapter is still open. Thus they will secure not only the right to take any corre-

**Old Newport Beach Picnic**  
The old Newport Epworth League picnic will be held on Saturday, June 4th. All be sure to go in time to meet at Balboa pavilion at 9:30 i. order to take the launch for Rocky Point. Charge for the ferry is 15 cents for the round trip. All bring lunch for the picnic dinner. The picnic will be disbanded on the return to Balboa.

**Orchestra Recital**  
The First Baptist church was filled last night with a music loving audience that thoroughly enjoyed the excellent program presented at the orchestra recital. The rostrum and church were both prettily decorated and people greatly enjoyed the pleasant environment. They gathered early in order to secure seats, and found the waiting time pass quickly as they engaged in social chat.

The orchestral numbers, directed by Prof. Babize, were participated in by Prof. and Mrs. Babize, Misses Ruth Deardorff and Nellie Hill, Messrs. Percy Lusk, Frank Harris, R. Pyke, Howard Gordon, Schroeder, Insley, Albert Hill, C. W. Brakeman, Robert Witmer, Edward Walters.

The gem of the concert numbers, all of which were beautifully played, was "Il Trovatore," in which the players surpassed themselves. The other numbers played by the orchestra, all of them pleasing every hearer, were Mendelssohn's Roman Carnival March, Franke's Intermezzo Russe, and "A Day in Acadia," the latter being a descriptive fantasia, the variety in which was successfully brought out by the players. The orchestral accompaniments to the vocal numbers were beautiful and effective.

The vocal numbers were a duet from "Tales of Hoffman," sung sweetly by Miss Annette Deardorff and Lloyd Sharp, and the ever loved and lovely Schubert's Serenade, charmingly sung by Miss Emmeline Petersen. Miss Petersen responded to an encore with a most pleasing rendition of "The Last Rose of Summer."

Rev. H. E. Murkett gave a reading, "Mark Twain and the Interviewer," in which he so skillfully reproduced the sleepy, yawning manner of the humorist that people were continually divided between a desire to yawn, which was catching, and to laugh, which was irresistible. They probably did both during the reading. So much was this number enjoyed that Mr. Murkett was obliged to bow his acknowledgement of the encore.

Percy Lusk's playing of the pipe organ during his fine rendition of "La Cinquantaine" was wonderfully gratifying. The delicate phrasing necessary in this number contrasted vividly with the occasional deeper notes.

and the dainty notes that dropped from Mr. Lusk's fingers were exquisitely modulated. Mr. Lusk is developing rapidly in his mastery of the organ. The encore received after "La Cinquantaine" was enthusiastic. Altogether the evening was one of real musical pleasure, and must have been financially successful as well.

**Entertained Whist Club**  
The Yavapai Whist Club was pleasantly entertained yesterday afternoon by Mrs. M. A. Patton at her cozy home on West Seventeenth street. Miss Georgia Barnes won the club souvenir with high score.

Sweet peas, fragrant and lovely, were used with ferns to adorn the rooms. Refreshments were served by Mrs. Patton on the card tables after the whist games.

Those present were Misses Georgia Barnes, Hilda Hossler, Marie Keeler, Gertrude Montgomery, M. A. Menes, Alice Norton, Margaret Wakeham, Jean Humphrey, Hazel Thomas, Helen Eubank; Mesdames Mark Lacy and Frank Worden.

**Had a Jolly Evening**  
The Fraternal Aiders had one of their famous social evenings last night after the close of a lively business meeting. Dancing, cards and various games were the amusements that kept the goodly number of people present in a happy mood. Cornucopias of ice cream proved to be popular refreshments.

**WOMEN'S BEAUTY**  
Imperfect Digestion Causes Bad Complexion and Dull Eyes

The color in your cheeks won't fade, the brightness in your eyes won't vanish, if you keep your stomach in good condition.

This was the advice of a prominent physician to a woman's club in Boston and it is good advice.

Belching of gas, heaviness, sour taste in mouth, dizziness, biliousness and nausea occur simply because the stomach is not properly digesting the food.

The blood needs nourishment to carry vigor, vim and vitality to every part of the body and when food ferment in the stomach enough nourishment is not supplied. Mi-on-a stomach tablets give instant relief to upset stomachs, but they do more; they put strength into the stomach and build it up so that it can easily digest a hearty meal without giving its owner hours of misery.

Mi-on-a is sold by druggists everywhere and by the Rowley Drug Co. at 50 cents a large box. It is guaranteed to cure indigestion or any stomach distress or money back.

**BAILEY FINED \$80  
AT SAN BERNARDINO**

D. G. Bailey, demonstrator for an automobile, who was arrested last week, charged by Mrs. Emma Lawson of Los Angeles with disturbing the peace, was taken before Justice Thomas yesterday at San Bernardino. He entered a plea of guilty, and was let off with a fine of \$80.

It was charged that Bailey, who resides in Santa Ana, started with Mrs. Lawson from San Bernardino to Los Angeles, agreeing to make the trip for \$10. Four miles out from San Bernardino he made advances that caused the woman to leave the automobile.

## CHARGE HE SPEEDED SOME

Long Beach Man to be Tried  
Here for Breaking Ana-  
heim Law

Jotham Bixby of Long Beach gave Marshal Simpson a \$100 check Wednesday evening in order to secure liberation of his auto which the officer seized some hours before while Bixby slept at a hotel. Bixby scorching through town on Wednesday morning on his way to his ranch at Olive. He was hitting the hard places. At the corner of Center and Los Angeles streets Simpson warned him to slow up, but Bixby instead put on more speed and went faster. Bixby returned from the ranch

late in the afternoon. Simpson seized the auto and ran it into a garage. Bixby appeared about 9 o'clock and hunted up the officer, and was told the machine would be liberated on Bixby's putting up \$100 bail to appear in court.

Bixby wrote out a check for the amount, which Simpson had a local merchant guarantee, and the machine was released. Bixby returned home.

The case was to have been heard on Saturday. Bixby telephoned from Long Beach to know if there would be any rebate on his bail. Simpson replied there would be no change.

Bixby appeared in court on Saturday, accompanied by his attorney, Frank Knight of Long Beach, and asked for a change of venue. Judge Howard on hearing his statement of the case, granted the motion of Attorney Knight, and transferred the case to Justice Smithwick's court at Santa Ana.—Anaheim Gazette.

(This case will be tried before Judge Smithwick next Tuesday.)

ELSINORE, June 1.—John C. Gerken, a bartender of Anaheim, who arrived in Elsinore Monday, became suddenly demented last night and died at about 11:30 o'clock this morning. Early this morning he escaped from his room and wandered about the town. At the Young residence on Riley street, he tried to enter the house, frightening Mrs. Young, who was alone. He made a great struggle against capture by the marshal. Dr. Walker gives as cause of death, alcoholic convulsions.

What Do They Cure?

The above question is often asked concerning Dr. Pierce's two leading medicines, "Golden Medical Discovery" and "Favorite Prescription."

The answer is that "Golden Medical Discovery" is a most potent alternative or blood-purifier, and tonic or invigorator and acts especially favorably in a curative way upon all the mucous lining surfaces, as of the nasal passages, throat, bronchial tubes, stomach, bowels and bladder, curing a large per cent. of catarrhal cases whether the disease affects the nasal passages, the throat, larynx, bronchial tubes, stomach (as catarrh of the stomach), bowels (as mucous colitis), bladder, uterus or other pelvic organs. Even in the chronic or operative stages of these affections it is often successful in effecting cures.

The "Favorite Prescription" is advised for the cure of one class of diseases—those peculiar to women, such as irregularities, weakness, debility, and nervousness. It is a powerful yet gently acting invigorating tonic and nerve. For weak worn-out, over-worked women—no matter what has caused the break-down, "Favorite Prescription" will be found most effective in building up the strength, regulating the womanly functions, subduing pain and bringing about a healthy, vigorous condition of the whole system.

A book of particulars wraps each bottle giving the formulae of both medicines and quoting what scores of eminent medical authors, whose works are consulted by physicians of all the schools of practice as guides in prescribing, say of each ingredient entering into these medicines.

The words of praise bestowed on the several ingredients entering into Doctor Pierce's medicines by such writers should have more weight than any amount of non-professional testimonials, because such men are writing for the guidance of their medical brethren and know whereof they speak.

Both medicines are non-alcoholic, non-secret, and contain no harmful habit-forming drugs, being composed of glyceric extracts of the roots of native American medicinal forest plants. They are both sold by dealers in medicine. You can't afford to accept as a substitute for one of these medicines of known composition, any secret nostrum.

Dr. Pierce's Pellets, small, sugar-coated, easy to take as candy, regulate and invigorate stomach, liver and bowels.

## DON'T PAY TWICE FOR THE SAME ROOF.

Iron, tin and most prepared roofings are really never paid for, because they need painting or coating every year or two. If you add to the cost of these roofings the cost of painting during the number of years in service, you will readily understand why

J-M ASBESTOS ROOFING—which needs no coating—is the "cheapest-per-year" Roofing. It will not rot or rust, is permanently durable and resists fire. No acids, chemical fumes, gases, heat or cold can affect it. Costs less than slate, iron or shingles. Can be applied by anyone.

### LOS ANGELES PRODUCE MARKET

The first watermelons of the season in quantity arrived at the local market from the Imperial Valley yesterday morning and were soon taken by hotel men at the rate of \$9 a dozen. The first shipment of sweet-water grapes also arrived, and these were disposed of in fair shape at \$3 per four-basket crate. The grapes are from India and are of good quality.

All varieties of berries are arriving in much larger quantities and there were small declines in prices yesterday morning. Cantaloupes were plentiful and moved in good shape. A drop of 25 cents was made in the price.

It was expected last week that by now the market would be flooded with cherries, but so far the shipments have been rather light. Most of the fruit arrived yesterday morning was sold before it left the trains, and an advance of 2 cents a pound was made.

The price of local case-count eggs was lowered to 23½ cents yesterday morning. A quantity was offered at a small margin above the new quotation, but was not disposed of. Northern candied and Eastern storage second were also offered. Receipts for the day were 304 cases.

Butter receipts were 29,243 pounds. California creamery firsts, lard and cooking, were placed on the market, but the trading was not heavy.

The cheese market was a little more active. A sale of Northern fresh was reported at 2 cents under quotations. Other offerings were Eastern Twins, Eastern Longhorns and Daisy, imported Swiss and cream brick. Cheese arrivals reported were 3332 pounds.

Potato receipts were 410 sacks. The market remained very quiet. Crystal wax onions were placed on the market at \$1.50.

Tomatoes are still very scarce, and it was almost impossible to secure even small quantities at any of the houses. The price remained unchanged. A few cars of apricots arrived from the North and sold quickly at good prices. Cabbage did not move well, and declined from 15 to 25 cents a crate.

Shipments of fish were a little heavier than the previous day, but by the middle of the morning all varieties were rather scarce.

### NO LAND LET OUT BY BOARD

Newport Drainage District Petition Granted As It Was Presented

Election to be Held June 28 to Determine the Final Formation

The Board of Supervisors today granted the petition for the formation of the Newport Drainage District. The boundaries fixed are those originally petitioned for, none of the objections being left out of the district.

The board visited the district this which comprises 3000 acres, into three districts for the purposes of election, the date for which is June 28. The voters are to vote on the formation, and upon a board of directors.

The board visited the district this morning and looked over the lay of the land about the properties sought to be withdrawn from entrance in the district. This afternoon after a five minutes executive session the motion of Supervisor Talbert to grant the petition was carried.

The Biggest Crowds of Any Three Nights in the Past Year

The Temple Theater went on record last night, with three nights just past, with the greatest volume of business of any Monday, Tuesday and Wednesday night of the past year (excepting Carnival nights). Manager Roberts says:

"It pays to advertise, but before you do, be sure you have the goods, and then use printer's ink, and you have a combination that cannot fail. I get both, and the patrons of my theater are legion, and are always pleased and satisfied, many beyond expression."

The Temple Theater presents that refined and high standard class of attractions (nothing but the very best allowed), and every performance is given under the watchful

eye and personal direction of Manager Roberts, who proves to be a past master in the art of entertaining refined people. Many big feature picture plays are booked, and will be found in the same class of splendid acting and careful attention to detail of costumes and surroundings as was so perfect in the Biograph Company's "The Two Brothers," which has just closed a very successful run. You make no mistake when you go to the Temple.

### NEW MAN HERE GOT CONTRACT

James O'Brien to Build School house in the Northwest Section of City

His Bid Was \$2813 Lower Than the Next Lowest Bid Received

James O'Brien of Santa Ana, a new building contractor here, was awarded the contract for building the new schoolhouse at the corner of Ross and Seventeenth streets. His bid was \$19,645, which was \$2813 lower than any other bid received by the board of education at its meeting last night.

The schoolhouse is to be built upon the property recently bought in the northwestern portion of the city. The building will be eight rooms and one story, and will be very much like the Lincoln school building on French street.

Director Hossler of the school board voted no on the motion to award the contract to O'Brien.

The bids received were as follows: Jordan, \$22,895; Beaumont, \$22,840; Funk, \$22,950; Bird, \$22,760; Black, \$22,831; Blee, \$23,760; Preble, \$22,985; McNeill, \$22,458; O'Brien, \$19,645.

### MARCHANT TO STAND BY IT

He Seconded McGee Resolution and Is In Accord With Board

Tustin, June 2, 1910.

Editor Register:—In the article in last evening's Register on the Tustin school controversy, the impression is given that I am not in accord with the rest of the board in the action taken in regard to Mr. McGee. I desire to say that this impression is entirely erroneous. At the meeting I seconded the resolution that was adopted by the board. I believe it was right, and I expect to stand by it.

I. L. MARCHANT.
